

Competitive Rank Evolution — Japan 2026

Drivers: LEC, HAM

This graph was selected because these drivers form a relevant comparison group for Japan 2026. On this metric, LEC leads the selected set in average Competitive Rank (1 = Best). Gap to next best: 0.642.

Lower is better. Competitive Rank shows a driver's structural ordering against the field on each lap, where rank 1 is best. Sustained low rank indicates stable competitive control.
